Habib Bank AG Zurich wins best use of technology award

[Wednesday, May 18, 2005 2:32:00 pm]

Habib Bank AG Zurich (HBZ) has won the 'Best use of Technology' award at last night's Banker Middle East Magazine Awards 2005.

The award recognises that Habib Bank AG Zurich has one of the most technologically advanced banking systems. The first bank in the region to introduce Internet (HBZweb), WAP (HBZwap) and text messaging (HBZsms) banking in 2000 has continued to offer ground breaking and unique solutions to corporate and consumer customers.

Mr Reza Habib, Joint President, Habib Bank AG Zurich said, "We at HBZ are grateful for the recognition by Banker Middle East which enables our customers greater service with security for their personal, corporate and trade accounts. It allows quicker transaction, greater control over funds and enables trading of U.S. capital markets in real time, from the comfort of our customer's home, office or while on the go with a smart phone or PDA."

Habib Bank AG Zurich's technological success is proven by the customers that use the service. 64.3% of credit customers and 71.4% of depositors are presently using the HBZ integrated e-banking and mobile solution.
