Habib Bank AG Zurich named as finalist for worldwide Computerworld Honors Program

Habib Bank AG Zurich (HBZ), one of the leading international banks operating in the United Arab Emirates, has been named as a finalist for the coveted 21st Century Achievement Award from the Computerworld Honors Program for its visionary use of information technology in the Finance, Insurance & Real Estate category.

United Arab Emirates: Sunday, May 22 - 2005 at 09:21 GMT+4

Mr Reza Habib, Joint President, Habib Bank AG Zurich said, 'At the end of the day it is our customers and employees who win. The hPLUS technology that is recognised by this Computerworld Honors Program enables HBZ customers to benefit from greater service with security for their personal, corporate and trade accounts whilst empowering greater efficiencies within the banking environment. It allows over 100 user driven transactions & queries, greater control over funds and enables trading of U.S. capital markets in real time, from the comfort of our customer's home, office or while on the go with a smart phone or PDA over GPRS and 3G.'

Habib Bank AG Zurich was one of 162 laureates selected by the program's chairman's Committee study from over 250 global nominations to submit a case study that officially became part of the prestigious Computerworld Honors Collection this past April when the 2005 Collection was formally presented to the Global Archives. Of these 162 laureates, Habib Bank AG Zurich is one of 5 finalists, in the Finance, Insurance & Real Estate category, chosen by an academy of 30 distinguished judges to attend the June 6 event.

The 21st Century Achievement medal
